

Wow, what a great group of kids auditioning this week! Thank you to everyone who came and put their best foot forward. Just getting up there and giving it your best shot is something to be proud of because we all know how hard that can be.

Unfortunately, we were not able to cast all of the 60+ students who auditioned. If you are in the group that we could not offer a role to, please don't be tempted to give up on being on stage! We would LOVE for you to come see this production and then also TRY AGAIN when we audition again for the fall show.
